

DoodleWeb Capability Deck

Seattle digital agency · Web design, development, rebranding, and AI search optimization

Who We Are

DoodleWeb is a Seattle-based digital agency. Since 2019 we have shipped 120+ websites for higher education, healthcare, government, aerospace, SaaS, and consumer brands. In-house Seattle team. Earned-tier partner with WP Engine, Shopify, Acquia, and HubSpot.

What We Do

Web design and development — custom marketing sites and platforms on Drupal, WordPress, Shopify, Webflow, and headless React.

Rebranding — naming, identity, and digital roll-out without tanking organic traffic.

AI search optimization — get cited by ChatGPT, Gemini, and Perplexity. AEO/GEO content architecture.

Maintenance and hosting — monthly retainers, security patches, and performance.

How We Engage

Fixed price. After a free 30-minute discovery call, you get a fixed week-by-week plan and fixed quote. No hourly surprises.

Senior team. The strategist, designer, and lead engineer in your sales call ship the work. No bait-and-switch.

30-day post-launch. Every launch ships with 30 days of free fixes for anything we built.
